

# High Reliability Resistor Solutions

## Overview

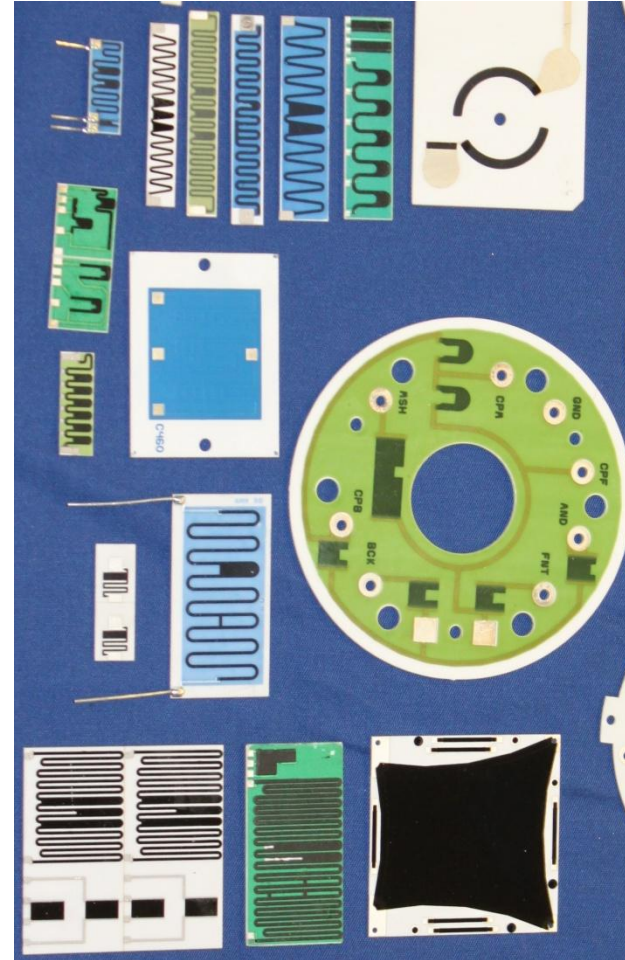

- Thick Film Technology resistor product.
- Solutions provider.
- Application specific product.
- UK based design and manufacture.
- Prototypes through low and medium volume manufacture.
- Military, Medical, Industrial & Sensor applications.
- Over 40 years engineering experience.
- Long established blue chip customer base.

## Applications

- High voltage.
- Circuit protection.
- Power / Pulse resistor.
- Resistor networks.
- Surface mount resistors.
- Obsolete device replacements.

## Obsolescence Solutions

- Form, fit and function replacements.
- Alternative material selection.
- Re-design for operational compatibility.
- Rapid turnaround.
- Low to medium volumes.
- Long term product support.
- Replacement for Bourns, Metalux and Ohmite among others.
